

ISLESBORO ISLANDS TRUST PRESENTS:

ISLAND EXPEDITIONS 2008

Islesboro Islands Trust is happy to announce this summer's Island Expeditions programs! Island Expeditions are overnight paddling and camping adventures for people ages 12 to 16. On each trip, we explore the beautiful waters and islands surrounding Islesboro by day, and camp out under the stars by night. There will be plenty of time to hang out with old and new friends, explore the outdoors, and relax around the fire after a great day on the water. Each trip can accommodate up to six campers, and will be led by a team of two experienced guides and naturalists.
